Hand-Rubbed Patina Finishes

The optional patina finish is hand applied by a skilled artisan to permanently alter the metal colors and texture of the face. Each face is individually hand-polished and fired in an oven which imparts unique color subtleties with no two finishes alike. The patina finish on your face is a "living" color and will age and antique over time. Enjoy the timeless, rich luster of your beautiful new face.

Installation

- ! Turn off gas to the appliance and make sure it has fully cooled prior to conducting service. Install the trim strip and face as shown in the illustration below.
